representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

In view of McKesson Information Solutions v. Bridge Medical (Fed. Cir. 2007), and MPEP 2001.06(b)), Applicants specifically inform the Examiner that this case may be related to the following U.S. Patent Application(s):

USSN 11/075,364, filed March 8, 2005 by Scher et al.

The Examiner is specifically encouraged to review the file history, including art made of record, as well as any substantive action in the above application(s) including any Restriction Requirements, Office Actions, Responses, Appeals, Appeal Briefs, Examiner's Replies, Notice(s) of Allowance or Issuance in the above-mentioned related application(s), prior to taking any action in the subject application. Applicants further note that the Examiner is aware that prosecution may be ongoing in any related case, and that the Examiner will continue to evaluate the related cases as needed.

Per McKesson, the Examiner is specifically advised that all such related applications MUST be evaluated for double patenting and for obviousness-type double patenting issues prior to allowance of any claim in the subject application.

Applicants understand that, due to modern and easy access by the Examiner to related cases on PAIR, or other electronic databases available to the Examiner, there is no need for Applicant to submit copies of any paper in the file wrapper for any related case.

This IDS is being filed after the mailing date of the first Office Action and more than three months after the filing date, but prior to the Notice of Allowance or Final Office Action. Please deduct \$180.00, pursuant to 37 CFR §1.17(p), from the undersigned's Deposit Account No. 50-0893. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Gary Baker", is written over a long, thin horizontal line that spans the width of the signature.
